SUMMARY

Passionate Front-End Developer with hands-on experience in web development. After completing the Intensive Code Camp at ITI, I transitioned to banking, where I developed strong analytical and communication skills through cross-team collaboration. Despite this shift, my passion for front-end development remains my primary focus. I'm now eager to return to the tech field and leverage my skills to build innovative, user-friendly web applications.

TECHNICAL SKILLS

Programming Languages: JavaScript, TypeScript, PHP

Front-End: Angular, HTML, CSS, SASS/SCSS, Bootstrap, Tailwind CSS, PrimeNG

Back-end & Databases: Laravel, MySQL, Firebase

Tools: Git, GitHub, Linux, Figma

EXPERIENCE

Banque Misr

May 2024 – Present

Banker

Cairo, Egypt

- Utilized analytical skills in financial services to manage customer accounts, ensuring accuracy and efficiency.
- Developed strong problem-solving and client communication skills by managing complex inquiries and providing tailored financial solutions, while applying organizational skills to handle multiple responsibilities with high attention to detail, enhancing my management capabilities.

Techno Square Academy

April 2024 – September 2024

Freelance Full Stack Web Developer

Remote

- Developed a comprehensive learning platform and student management system using Angular and Laravel to streamline administrative tasks and track progress.
- Designed and implemented responsive UI/UX components for a consistent experience across devices.
- Optimized Angular components and collaborated with backend developers to ensure smooth integration and enhance performance.
- Worked closely with the client to gather requirements and iterate on functionality.

PROJECTS

ClipPlayground

[Live Demo](#) 

Angular 20, Signals, RxJS, TailwindCSS, Firebase, VideoJS

- Developed a performant, full-stack video-sharing application for gamers, leveraging Angular 20, Signals, and RxJS for reactive state management and smooth user experience.
- Integrated Firebase for user authentication and data storage, ensuring secure and scalable backend operations.
- Utilized a combination of RxJS for asynchronous data streams and Angular signals for state updates, optimizing application performance.
- Enhanced playback experience by embedding Video.js, supporting adaptive streaming and customizable video controls.

Techno Square

[Live Site](#) 

Angular 17, Laravel, MySQL, REST APIs

- Engineered a comprehensive learning platform for kids, which includes a Student Management System to streamline administrative work and track student progress. The project involved designing the full-stack architecture with Angular for a user-friendly front end and a Laravel-based API for a robust backend.

MovieTime

[Live Demo](#) 

HTML, CSS, JavaScript

- Developed a responsive single-page movie browser using the TMDB API, enabling users to explore trending, top-rated, and now-playing content with dynamic detail views.
- Created responsive layouts and interactive elements to enhance the overall user experience across devices.

EDUCATION

Information Technology Institute (ITI)	January 2024 – May 2024
Full Stack Web Development	
Port Said University	July 2017 – July 2021
Bachelor of Commerce in Accounting	Grade: Very Good

LEADERSHIP / EXTRACURRICULAR

PSU Racing Team	September 2025 – Present
Volunteer Mentor & Web Developer	
- Serving as a technical mentor for the team, guiding them in the design and development of their new web presence. - Developing a dashboard to help the team manage student activities, member roles, and event tracking. - Providing mentorship in web development best practices to empower team members with new skills.	
Information Technology Institute (ITI)	January 2024 – May 2024
Track Team Leader	
- Led a team of students in the Full Stack Web Development track, guiding collaborative projects and ensuring milestones were met on schedule. - Facilitated peer learning sessions and provided mentorship, helping team members overcome technical challenges. - Organized and led meetings to discuss project progress and maintain a high standard of work across the team.	

LANGUAGE SKILLS

- Arabic: Native proficiency.
- English: Very good command in listening, speaking, and writing.
